LET'S CREATE SOME MEMORIES THIS YEAR

# MATERNITY SESSIONS

*Congratulations on your soon-to-arrive bundle of joy!  
This is such an exciting time in your life and what  
better way to capture these memories than with  
memorable portraits. Best time for maternity images is  
about 36 weeks.  
Documenting your pregnancy will be a great way  
to share these moments with your son or daughter  
in the future. If you are a little anxious do not worry!*

---

*I have worked with many pregnant mothers and my  
job is to keep you as comfortable as possible.*

*Feel free to give me a call so we can  
talk in person and I'd be happy to give you more  
information on what to expect during your session.*

*Just relax and let me take care of the rest, dresses are  
available for you upon request.*

# NEWBORN PORTRAITS

*The Joys of holding your tiny little baby for the first time! But they grow up so fast and you do not want to miss this chance to capture portraits of them so you can freeze this moment in life forever. I recommend the best time to photograph newborns when they are between 5 and 15 days old. The sessions are between 2 to 4 hours long with various poses.*
